

Rastislav Bvoc

Senior Game Developer

Senior Game and Frontend Developer with 5+ years of commercial experience specializing in responsive, high-performance web and mobile games for the online iGaming and entertainment industry. Experienced in remote international teams, collaborating with clients and delivering production-ready game experiences across platforms.

Work experience

09/2024 – Present

Senior Game Developer VisionLake, Remote

- Develop browser-based casino games for major iGaming brands and partner platforms using TypeScript and CreateJS
- Contribute to core systems and engine improvements
- Build responsive, production-ready, multi-platform games
- Collaborate within an international Scrum team and stakeholders

10/2023 – 09/2024

Browser Game Developer Inlogic Games, Remote

- Developed HTML5 browser games for desktop and mobile using JavaScript, Phaser 3 and TexturePacker
- Built gameplay systems from scratch across multiple games and genres
- Worked closely with professional game development team on implementation, iteration and delivery
- Optimized assets and game performance across different devices

10/2020 – 08/2023

Frontend Web Game Developer SYNOT Games, Remote

- Developed online iGaming titles for desktop and mobile platforms
- Implemented new features and engine functionality using TypeScript and PixiJS
- Built and styled HTML-based UI, layouts and CSS animations for cross-platform use
- Integrated and optimized graphics, animations and audio assets using tools such as Photoshop or TexturePacker
- Delivered multiple production game releases in a scrum-based development environment

06/2021 – 01/2023

Web developer Treningova Akademia, Remote

- Developed and maintained a WordPress-based website for a fitness brand
- Improved website performance, plugin maintenance and newsletter-related workflows

07/2020 – 10/2020

Frontend Developer SWISS4WARD, Remote

- Worked on website development and updates for Swiss clients using Apostrophe CMS
- Contributed to updates of a VR Unity 3D project for medical and educational use

09/2019 – 08/2020

Web Designer and Developer VLC Photonics, Valencia (Spain)

- Designed and developed Website and digital marketing assets
- Developed AR application in Unity 3D
- Supported SEO, analytics and online marketing initiatives

Other

2014 – Present

Freelance Frontend / Web / Design Projects

- Delivered freelance work across Web Development, Landing pages, Banners, Ads, Graphics assets and Marketing materials
- Worked with clients on implementation, design and online content production
- Lead a 5-member team in the development of hyper casual mobile game and presented in English at a professional conference

Education

2014 – 2019

Master's Degree in Multimedia Engineering University of Zilina (Slovakia)

2018 – 2019

Game Design & Development and Multimedia Design Universidade da Beira Interior (Portugal)

Thanks to Erasmus+ program, I had the opportunity to collaborate with diverse international students and enhanced my language skills through real Multimedia Projects.
